

Fenn Surf Skis

Now available to test paddle – try either the **Fenn Mako 6**, or if after something a bit more stable, there is now a **Fenn Mako XT** in Hobart to test paddle. This boat is super stable and a very fast intermediate boat, ideally suited to the Winter Challenge, Summer Survival and Freycinet Lodge Challenge, only 5% slower than the Mako 6 but much more stable!

Mako 6 – FENN

Length: 6.4m

Width: 43.2cm

Weight: 11kg carbon / 17kg glass

The **Mako 6** is the updated version of the Millennium. Those lucky enough to have paddled the Mako 6 consider it to be as fast but much more stable than its predecessor.

Mako XT – FENN

Length: 5.8m

Width: 48cm

Weight: 11kg carbon / 16.5kg glass

Perfect introductory ski for ocean racers and multi sport competitors. More stable than the standard lifesaving ski the XT also has a faster hull speed and comes with adjustable footwells.

Features of both Mako 6 & XT :

- Ideal for open water catching swells
- Adjustable foot pedals to suit all paddlers
- Deep seat for greater stability
- Kayak shaped bow for cutting through the water

Other Items Available:

- Aurum Sprint and Marathon K1s (**boat available to test**)
- Paddles and Protective Covers
